

Please send an email to the Muncie City Council.

The final decision whether the City of Muncie will lease Tuhey Park to the YMCA will be made by Muncie City Council. **Please take a few minutes to send an email to each Council member.** They need to hear that we do not want to lose Tuhey Park to a 64,000 square foot building and 300 parking spaces.

## TEMPLATE LETTER

Dear City Council Member,

I am writing this email to you today to express my opposition to the YMCA's plans to build a new facility in Tuhey Park. City Parks should not be sold or leased for development. Tuhey Park is a public asset and I believe it should remain free and available for the use of all of Muncie's residents. Allowing park land to be developed sets a bad precedent, especially in a city that already lacks an adequate amount of park space per resident. We should be working together to improve our current facilities, not working against the greater good by privatizing and removing park land from public use. **I ask that you please vote in opposition to this proposal when it comes before Council.**

Respectfully,

**Here is the list of email addresses in a form that work with most email/webmail clients:**
